

2015 AIRIG (Alcohol and Immunology Research Interest Group)
Satellite Symposium at Society for Leukocyte Biology Meeting
North Raleigh Hilton, Raleigh, NC

Sunday September 27 (8 am – 1 pm, AIRIG talks)
(SLB meeting starts at 1:30 pm)

AIRIG poster session: Mon. Sept. 28, 2015
(12:30-2 pm with SLB posters)

To submit an abstract for AIRIG: submit the abstract through the SLB website <http://leukocytebiology.org/Meetings/2015-Meeting.aspx>. You will need to register for the SLB meeting to submit an abstract. Select the “alcohol and immunology” abstract category. This is the only abstract category from which we can choose abstracts for AIRIG short oral presentations.

[Abstract submission deadline is June 26, 2015](#)

To apply for an AIRIG trainee travel award: send the following information to Paula Soczek (ARP@luc.edu)

- 1) A short cover letter explaining the need for a travel award
- 2) A copy of your submitted abstract
- 3) A copy of your NIH biosketch (new or old format, we don't care!) or your Curriculum Vitae

[Travel award submission deadline is June 26, 2015](#)

Note that only students, postdocs, residents, and minority junior faculty are eligible for travel awards.

Also note that **SLB has travel awards** (and other types or awards). Please consider also applying for an SLB travel award. **You can apply for both AIRIG and SLB travel awards.** While you will not get to keep both travel awards, it may help us bring more trainees to AIRIG and SLB. <http://leukocytebiology.org/Awards.aspx>

Finally, there will likely be late breaking abstract deadlines for AIRIG and SLB, but those submissions will not be eligible for travel awards.

Please send questions and comments to ARP@luc.edu

See you at AIRIG 2015 (and SLB)

From the AIRIG 2015 organizing committee: (Drs. Liz Kovacs, Mashkoor Choudhry, Brenda Curtis, Todd Wyatt, Pranoti Mandrekar and Lou Ann Brown)
