The Neiswanger Institute for Bioethics presents

The Bioethics & Professionalism Honors Program

Capstone Presentations

Thursday, June 11, 2015, 2:00-4:00pm
Location: Stritch School of Medicine Room 160

The goal of the CAPSTONE PROJECT is to develop a topic, issue, case or formative experience into an academic resource for others. Join us for a day of presentations of student work on bioethics & professionalism. For over two years, these students have been focusing bioethics and professionalism activities. They will now present their capstone efforts. Come see what SSOM’s finest have to offer!
